1. Caseload & Admissions

	!	Task
☐	HIGH	All new admissions from past 10 days — eval completed within 72 hrs?
☐	HIGH	Payer status verified for all active patients — Part A, Part B, or managed care?
☐	HIGH	Physician orders exist for all active Part B patients?
☐	MED	Any patients recently transitioned from Part A to Part B?
☐	MED	Any eligible patients NOT on caseload — is there a clinical reason?

2. Documentation

	!	Task
☐	HIGH	Spot-check 3 notes — do they clearly document skilled need?
☐	HIGH	Any goals vague or outdated? Review and update.
☐	MED	Any patients with 3+ periods of no documented progress — is skilled need still justified?
☐	MED	Any notes with "no change" or "tolerated well" language only — add skilled rationale.
☐	MED	Discharge summaries completed for all recent discharges?

3. Productivity & Billing

	!	Task
☐	HIGH	Team productivity at or above goal? Anyone below 80% — identify root cause.
☐	HIGH	CPM at or below \$1.45? If above — review traveler hours and overtime.
☐	MED	Med B units on pace for monthly target?
☐	MED	UPV at 3.0 or above — are therapists billing all appropriate codes?

4. Team & Compliance

	!	Task
☐	HIGH	Any staffing gaps — coverage plan in place for all scheduled patients?
☐	HIGH	All therapy services individualized — no cookie-cutter programs?
☐	MED	Any falls or adverse events — therapy reassessment completed and documented?
☐	MED	Nursing informed of any therapy precaution or status changes?
☐	MED	Any feedback from nursing, MDS, or administration to address?
☐	LOW	Treatment logs and attendance records current and accessible?
